

Customer Case - 1/17/2018

New in this release

The new version of add-on includes the following features:

- Added output of the request essential information into the header of Customer Case when viewing request details.
- Improved the way of embedding images into comments and request description when dragging a file into the related fields.

Fixed in this release

- Resolved the issue with pasting images larger than 1200 x 800 px from the clipboard into comments and request description.
