

Installation

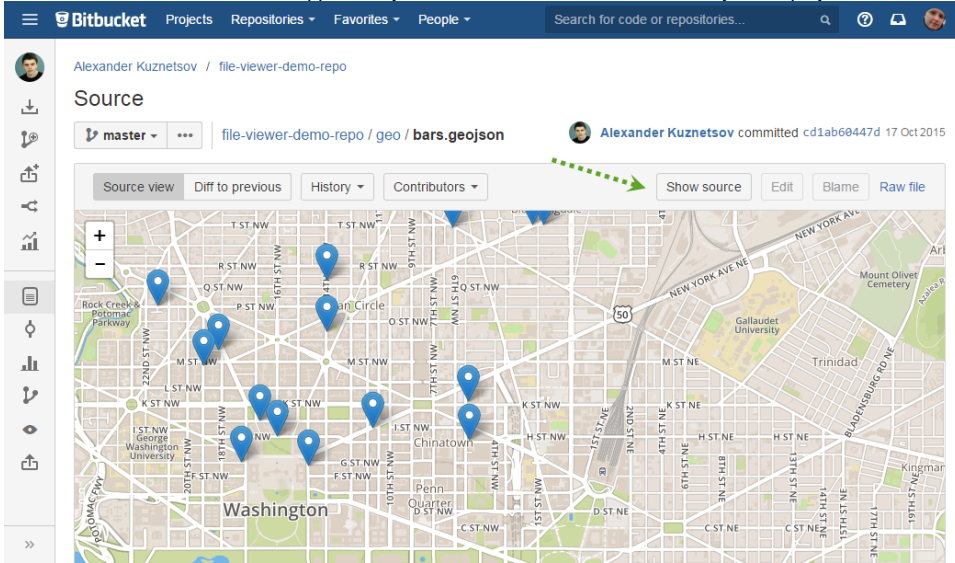

- [Bitbucket Server](#)
- [Bitbucket Cloud](#)

Bitbucket Server

To install File Viewer for Bitbucket Server, log into your Bitbucket Server as Administrator and install File Viewer directly [from Atlassian Marketplace](#) or by [file upload](#). To check whether File Viewer is compatible with your Bitbucket Server version, please, visit [Atlassian Marketplace](#).

Once File Viewer is installed, you can start using the add-on:

1. Navigate to the **Source** section on the left-hand sidebar in your repository
2. Select a file you would like to view in Bitbucket
3. If the format of a selected file is supported by File Viewer, the file will automatically be displayed in a suitable viewer

4. To switch to the default file view, click **Show source**. To get back to browsing a file in a viewer, click **Show rendered**.

Bitbucket Cloud

To install File Viewer for Bitbucket Cloud:

1. click your profile picture in the top right corner of the screen
2. choose Integrations
3. locate File Viewer for Bitbucket Cloud
4. click 'Add'

 During installation you'll be requested to give File Viewer access to read your repositories. Please, refer to [Privacy Poilicy](#) to learn why.

When installation is completed, you can start using the add-on:

1. Navigate to the Source section on the left-hand sidebar in your repository
2. Locate a file you would like to view in Bitbucket

3. Select the 'View as ...' option in the 'Default File Viewer'

The screenshot shows the Bitbucket interface for a repository named 'demo-repo / csv / Items.tsv'. The file viewer is displaying a table of data. A dropdown menu is open over the 'Default File Viewer' button, showing the option 'View as table' which is highlighted. A green dashed arrow points from the instruction text to this menu.
