

How to use Handy Poll macro (Cloud)

Getting started with the Handy Poll macro

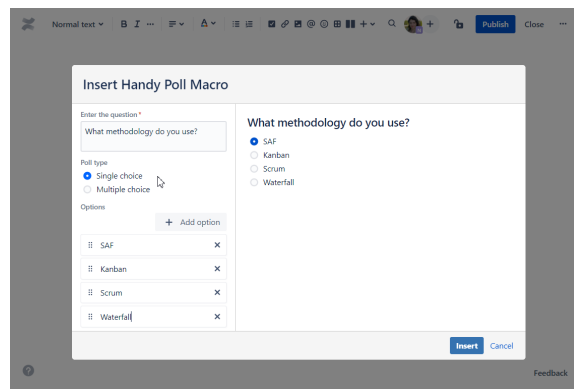

The macro allows you to collect feedback or opinions from your colleagues or teammates about particular initiatives or things.

Have Questions?	Book live demo
Want more functionality?	Vote for next feature
Need help?	Submit Ticket
	Request Feature

Two easy steps will help you simplify communication in your team

Step 1. Create a poll in a couple of clicks with the help of the Handy Poll macro

1. Insert the Handy Poll macro on a page by typing `/handy poll` or with the help of the Insert menu .
2. Enter the question.
3. Select a poll type:
 - Single choice
 - Multiple choice
4. Add options.
5. Insert the macro and update or publish the page.

Step 2. Check the results

1. Submit your vote. You can resubmit it later.
2. Share the poll with your teammates to collect their feedback or votes.
