

Customer Case - 2/27/2019

New in this release

Added a capability to create a feedback widget for a specific forum.

Now you can collect more feedback from your customers and get insights into the features they want to see in your products and services.

The screenshot shows a Confluence page titled "Smart Attachments for Confluence" by Vadim Rutkevich, updated on Feb 14, 2019. A purple banner at the top of the page content area says "Join our Slack workspace to get the latest updates on the app development, provide feedback, and vote on features in the backlog." with a yellow "Join Slack workspace" button. Below this is a video player showing a demo of the "Smart Attachments for Document Management in Confluence" app. The video content includes a table of attachments:

Title	Size	Updates	Creation Date	Last Modified Date	Actions
Concept Design 1 CONSOLE		Nigel Mansell	a minute ago	a minute ago	...
Concept Design 2		Nigel Mansell	a minute ago	a minute ago	...
Concept Design 3		Nigel Mansell	a minute ago	a minute ago	...
Concept Design 4		Nigel Mansell	a minute ago	a minute ago	...

The video player also features a "POКАЗАТЬ ДРУГИЕ ВИДЕО" button and a red "Embed folders with documents" button. To the right of the video is a "Can't get started?" section with "Submit idea" and "Report Issue" buttons, and a list of links: "Installing the Add-on", "Managing documents", "Managing folders", "Managing the Folder attachments macro", "FAQ", "Release Notes", and "Privacy Policy". The page footer shows "Overview" and a blue feedback icon.

Fixed in this release

- Resolved the issue with selecting the incorrect issue type for requests submitted by email.
