Table Filter and Charts 3.6.8

New in this release

The new version of add-on includes the following features:

- Improved compatibility with Scaffolding add-on and disabled display of configuration panels when the table is opened in the Edit Contents mode.

Fixed in this release

- Resolved the issue with the table formatting reset when exporting to PDF with the native add-on's exporter.
- Resolved compatibility issues with Scroll Viewport Themes.
- Resolved the issue with the incorrect retrieval of columns for data filtration when using Table Filter macro with the Page Properties Report macro in IE and Firefox.
