## Customer Case - 7/20/2016

## New in this release

## Added a capability to attach files to requests via drag-n-drop.

Now you can quickly attach files in Customer Case while creating requests or writing comments.

Hi, team! Here's the list of requirements for design customization that I would like to have in Customer Case.	
Create Cancel	O Drop files to attach, or browse
Powered by StiltSoft Customer Case · Privacy Policy · Documentation · Request Feature	

The new version of add-on includes the following features:

• Added a capability to delete specific files after attaching when creating requests or writing comments.

## Fixed in this release

• Corrected behavior of the Post comment button to avoid repeated creation of the same comment.
