

Table Filter and Charts 3.8.11

New in this release

The new version of add-on includes the following features:

- Improved the export of page elements (multilevel lists, headings, text snippets with icons) to PDF when using the the add-on's exporting mechanism.

Fixed in this release

- Resolved the issue with exporting values enclosed between pointy brackets to CSV.
- Resolved the issue with duplication of a table header when exporting a table to PDF.
