

Handy Macros for Confluence 1.7.0

New in this release

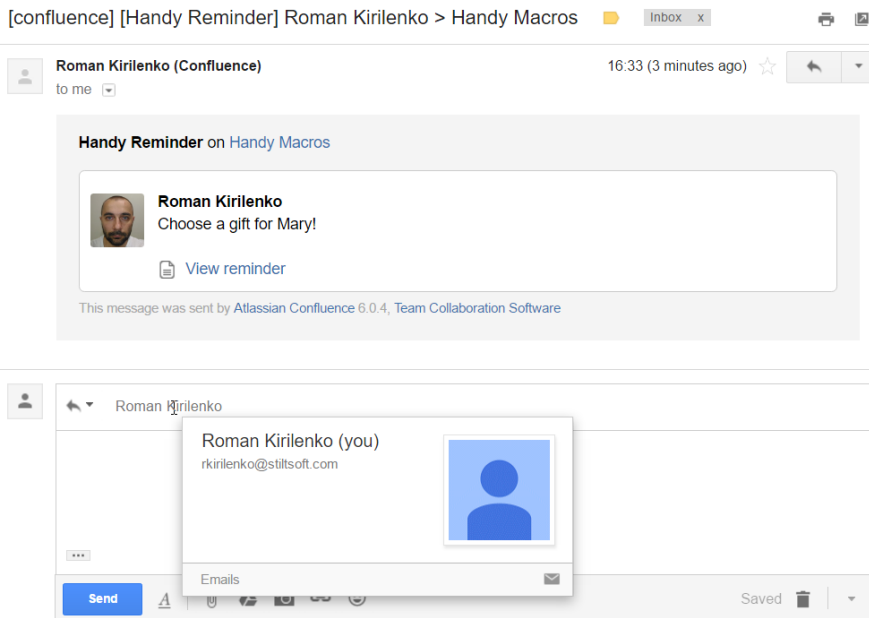

Handy Date

- Dates in Confluence are interactive! Just click the date to change it with the Handy Date feature.

Handy Reminder

- Reply directly to the author of email notification instead of replying to the Confluence email.

- Added an option to show reminder message next to the icon.

My Reminders

- Volleyball on fridays!
- Choose a gift for Mary!
- Congratulate John on his birthday

- Show the warning if the reminder is disabled. Don't miss your reminder!

Handy Reminder Settings

Message: Choose a gift for Mary!

Next date: 30.01.2017

Time to send: 10 : 00

Period: Once

Recipients: Roman Kirilenko

Enabled: ☐

Reminder notifications are disabled.

Save Cancel

Handy Status

- Show author of the status macro.

FIXED

Feb 09, 2017 16:30 Roman Kirilenko **REPRODUCED** → **FIXED**

Feb 09, 2017 16:30 Roman Kirilenko **OPEN** → **REPRODUCED**

Feb 09, 2017 16:29 Roman Kirilenko Created **OPEN**

- Added an ability to search for pages with specific statuses (Status and Handy Status macros are supported).
