ECS-96	Exposure of user comments		Jill Johnson	DONE
ECS-95	Exposure of product ratings		Andy Miller	DONE

The Result:

Assignee / Status	▼ Count		▼ Literal of Key	
	IN PROGRESS	TO DO	IN PROGRESS	TO DO
Peter Jacobs	1	1	• ECS-56	• ECS-85
John Smith	1	1	• ECS-81	• ECS-83
Eugene Kollins	3		• ECS-79 • ECS-76 • ECS-2	
Molly Williams	1		• ECS-77	
Steffany Michaels	1	1	• ECS-15	• ECS-74
Ashley Stone		1		• ECS-13
Andy Miller	1		• ECS-10	
Manny Souse		1		• ECS-7

Macro combination:

1. Insert the [Jira Issues](#) macro.
2. Wrap the Jira Issues macro in the [Table Filter](#) macro.
3. Wrap the Table Filter macro in the [Pivot Table](#) macro.

The screenshot shows a nested macro configuration. The outermost macro is 'Pivot Table' with settings: column = T, row = Due, aggregation = Key, type = Literal, sort = Literal of Key. Inside it is a 'Table Filter' macro with settings: column = Status, datefilter = Due, datepattern = M dd, yy, default = .1559520000000-. Inside the Table Filter is a 'Jira Issues' macro with a list of 10 issues.

Macro configuration:

Table Filter:

Filter Column	Status
Filter Type	Dropdown
Filter Values	Reversed filter 'Done'

Pivot Table:

Row Labels	Assignee
Column Labels	Status
Calculated Column	Key
Operation Type	Count, Literal

Additional parameters:

- Set the [Literal value delimiter](#) option: Bulleted list.
- [Hide totals](#) of the pivot table.
