

Talk for Confluence 1.7.3

StiltSoft is happy to announce the release of Talk for Confluence 1.7.3

What's new

A new Talk macro placeholder introduced and several bugs fixed.

- new macro placeholder in the Edit mode
- improved German, Russian and Spanish localizations
- renovated License page

Fixed Bugs

- the Insert button got disabled when pasting a text to a new Talk discussion
- if Refresh was used twice in the Macro Browser, the error messages were doubled
- Talk sidebar was aligned incorrectly in Browse > Blog
