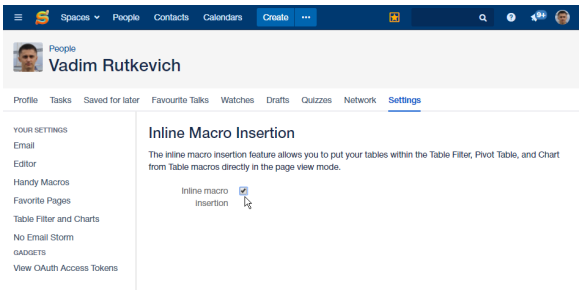
Configuring inline macro insertion

This version of the app's documentation is outdated. Please find the information you're looking for here:

- Configuring inline macro insertion

Starting from Table Filter and Charts 4.1.0, you can regulate visibility of the block for inline macro insertion.



To enable inline macro insertion:

1. In the top-right part of the screen, locate your profile picture and click it.
2. Select **Settings**.
3. On the navigational sidebar, select **Table Filter and Charts**.
4. Select the **Inline macro insertion** option.

To disable inline macro insertion:

1. Clear the Inline macro insertion option.

This modification will override the global configuration set for user groups you are associated with.
