

Smart Attachments for Confluence 1.5.2

New in this release

The new version of add-on includes the following features:

- Changed the position of the Embed document and Embed folder icons.
- Added the Invalid documents section into the Upload documents form. This allows you to delete all the invalid documents from the uploaded batch files instantly.

Fixed in this release

- Resolved the issue with incorrect display of document revisions that were uploaded by multiple users at the same time.
