Table Filter and Charts 4.5.10

New in this release:

- Improved the display of dates' labels when using the Scale X step option with the Time line chart type in the Chart from Table macro.

Fixed in this release:

- Resolved the issue with the incorrect data aggregation by months in the Pivot Table macro when the date format in the source table includes time.
- Resolved the issue with the incorrect date period aggregation in the Pivot Table macro when the source table includes empty cells.
