

Customer Case - 2/27/2019

New in this release

Added a capability to create a feedback widget for a specific forum.

Now you can collect more feedback from your customers and get insights into the features they want to see in your products and services.

The screenshot displays the 'Smart Attachments for Confluence' page. At the top, there's a blue navigation bar with 'Пространства' and 'Пользователи' on the left, and 'Поиск', a magnifying glass icon, a help icon, and 'Войти' on the right. Below the navigation bar, the page title 'Smart Attachments for Confluence' is shown, along with the creator 'Создатель Vadim Rutkevich, отредактировано фев 14, 2019'. A purple banner with a yellow 'Join Slack workspace' button is prominently displayed. The main content area features a video player showing a demo of the 'Smart Attachments for Document Management in Confluence...' app. The video player has a progress bar at 0:26 / 1:48 and a 'POКАЗАТЬ ДРУГИЕ ВИДЕО' button. To the right of the video, a 'Can't get started?' section contains 'Submit idea' and 'Report Issue' buttons, and a list of features: 'Installing the Add-on', 'Managing documents', 'Managing folders', 'Managing the Folder attachments macro', 'FAQ', 'Release Notes', and 'Privacy Policy'. At the bottom, there's an 'Overview' tab and a blue megaphone icon.

Fixed in this release

- Resolved the issue with selecting the incorrect issue type for requests submitted by email.
