# Awesome Graphs 1.5.3

Ability to choose Commits, Additions or Deletions for the Contributors graph. Selecting a time period in the Contributors graph by dragging across it.
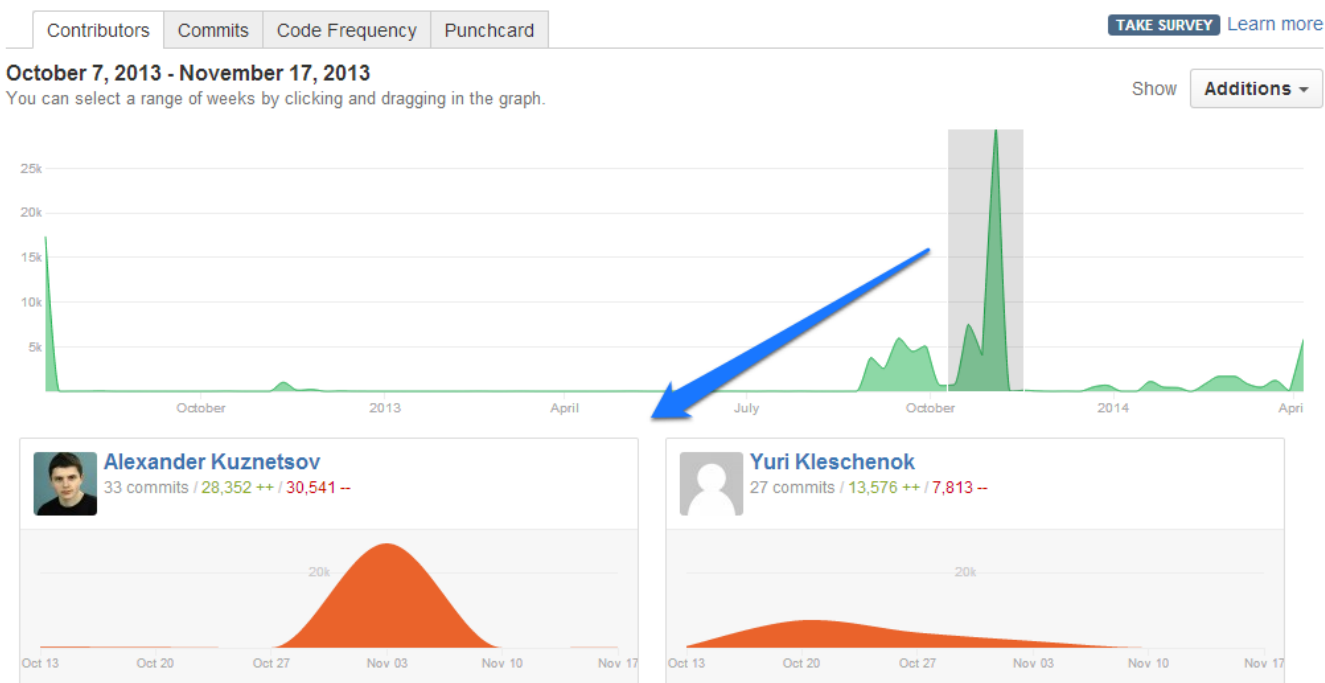

New in this release

New drop-down menu for the Contributors graph

Now you can choose what you want to see in the Contributors tab: commits, code line additions or deletions.

Dragging across the Contributors graph

You can drag your mouse across the graph to select a certain time period. Commiters graphs below are shown accordingly. This feature is available only under a commercial or evaluation license.

Fixed in this release

- Navigation issues fixed.
- Contributors graph unified for different browsers.
