Smart Attachments for Confluence 1.10.1

New in this release

The new version of add-on includes the following features:

- Added French localization.
- Added the spinner indicating creation of the folder structure when uploading a folder with sub-folders.

Fixed in this release

- Resolved the issue with the file preview in the space storage after the file upload.
- Removed the scroll bars in the forms.
- Resolved the issue with cancelling the removal of a single folder in the Folder Attachments macro.
