

Smart Attachments for Confluence 1.12.1

New in this release

Upload to the space storage in the page edit mode.

Now you can directly upload files to the space storage while editing the page.

The screenshot displays a Confluence page interface. At the top, a blue navigation bar contains the 'Confluence' logo, 'Spaces' with a dropdown arrow, 'People', a 'Create' button, and a menu icon. A search bar is on the right. Below the navigation bar, the page title 'UniQorn - Project Vision' is shown, along with a breadcrumb 'Dashboard / UniQorn Project Home' and a lock icon. Action links for 'Edit', 'Save for later', 'Watching', 'Share', and a menu icon are visible. The page content includes a quote icon, the title 'About project', a description 'This project will be developed to create a system that will allow for quick, easy and cheap evaluation of ideas.', and a 'Prototypes' section. A 'Like' button with the text 'Be the first to like this' and a 'No labels' link are present. A comment box with a cat avatar and the text 'Write a comment...' is at the bottom. A footer bar contains a gear icon, a double arrow icon, and the text 'DEMONSTRATION LICENSE - This Confluence site is for demonstration purposes only. Evaluate Confluence today.'
