

Smart Attachments for Confluence 1.18.0

New in this release

Added a capability to temporarily lock attachments against actions of other users.

Now you can lock attachments for a specific time period or lock them while editing in Atlassian Companion. The locking is automatically set when you initiate the file editing in Atlassian Companion.

The screenshot shows the Confluence interface with a modal dialog titled "Lock document Business Continuity Management Standard.docx". The dialog has a "Lock document" section with a green toggle switch. Below it, the "Lock expires on" section shows a date and time picker set to "2020/08/11" and "5:00pm". There are "Confirm" and "Cancel" buttons at the bottom right of the dialog. In the background, a table lists attachments:

	Creation Date	Last Modified Date	Actions
	Aug 07, 2020	Aug 07, 2020	
	Aug 07, 2020	Aug 07, 2020	
	Aug 07, 2020	Aug 07, 2020	
	Aug 07, 2020	4 hours ago	

Fixed in this release

- Resolved the issue with upload of large files into the space storage.
