

Smart Attachments 1.2.0

New in this release

Added a capability to manage order of attachment categories and define access restrictions for individual users and user groups.

Smart Attachments

Here you can define categories for your attached files. Categories will allow you distribute attachments among the appropriate categories for easier access to these files. The added categories will become available in the Attachments section. You can drag files to the appropriate category for storing within it.

Attachment Category	Restricted groups	Action
<input type="text"/>	<input type="text" value="Start typing group name"/>	<button>Add</button>
Contracts	<div>jira-administrators x mgmt x php x qa-acc (qa-acc) x</div>	<div><button>Edit</button><button>Delete</button></div>
Management	<div>jira-administrators x mgmt x php x php-acc (php-acc) x</div>	<div><button>Edit</button><button>Delete</button></div>
Design	<div>design x jira-administrators x jira-users x qa x qa-acc (qa-acc) x</div> <div>design-acc (design-acc) x</div>	<div><button>Edit</button><button>Delete</button></div>
Documents	<div>design x jira-administrators x jira-users x qa x qa-acc (qa-acc) x</div>	<div><button>Edit</button><button>Delete</button></div>
Development	<div>jira-users x jira-developers x mgmt</div> <div><div>Groups</div><div>mgmt</div><div>Users</div><div>mgmt-acc (mgmt-acc)</div></div>	<div><button>Save</button><button>Cancel</button></div>

- The new version of add-on also includes the following features:
- Added a capability to directly upload files to the appropriate attachment category through drag-n-dropping to it.
 - Added a capability allowing the user to manage the order of attachment categories for the project with the overriding of the administrator's configuration.
 - Added support for JIRA Data Center.

Fixed in this release

- Corrected the way of showing attachment categories as collapsed if not files available within them.
- Resolved the issue with non-update of the comments if the batch operation was performed.
