

Customer Case - 3/3/2015

New in this release

Added a capability to register on the feedback forum with an email address.

Now you needn't have a social or JIRA account to sign in to the forum, register your personal account in Customer Case.

The screenshot shows a web interface for 'Customer Case'. At the top is a dark blue header bar containing a hamburger menu icon, a green lightbulb icon, and a help icon (question mark in a circle) with a dropdown arrow. The main content area is light gray and features a white login/register form in the center. The form has two input fields: 'Email address' and 'Password'. Below these is a blue 'Sign in' button. Under the button are two links: 'Create account' and 'Forgot password?'. A horizontal line with the word 'or' in the center separates these from three social login options: 'Sign In with Google' (with a red Google+ icon), 'Sign in with Facebook' (with a blue Facebook icon), and 'Sign in with JIRA' (with a blue JIRA icon). At the bottom of the page, a footer line reads: 'Powered by StiltSoft Customer Case · Privacy Policy · Documentation · Request Feature'.
