

# Customer Case - 5/2/2015

## New in this release

The new version of add-on includes the following features:

- Optimized output of page numbers in the pagination block.
- Added output of the email in the user's profile for users logged in to Customer Case with JIRA accounts.
- Added validation of the add-on subscription and upon its expiry Customer Case is switched to read-only mode.

## Fixed in this release

- Resolved the issue with the disappearance of the visual text editor border when leaving comments in JIRA.
- Corrected the output of the EMPLOYEE marker. Now it is displayed only within the one vendor's instance, which the current agent is mapped to.
- Corrected the way of showing ideas in the user's profile from newest to oldest.
- Minor issue resolutions and improvements.
