Evernote Integration 2.3.0

ⓘ Starting from the version 2.0.0, Evernote Integration is a paid add-on. Read more

New in this release

- Converting Evernote text emoticons into Confluence emoticons.
- Converting Evernote @username (not '@Full Name') into Confluence @mentions. If your Evernote note contains a @username, where a username corresponds to one of usernames in your Confluence, it'll be converted into Confluence @mention when this note is inserted on a Confluence page.
