

Table Filter and Charts 3.9.10

New in this release

The new version of add-on includes the following features:

- Added the dynamic modifier (N+) which allows output of more than the specified number of table rows when using the Show first N rows option and filtering table data.

Fixed in this release

- Resolved the issue with the incomplete initialization of the Table Filter macro in Chrome 57.
- Resolved the issue with the visibility of the table cells hidden with CSS styles in the exported PDF files.
